APPLICATION PROCESS/REQUIREMENTS

BEK Communications Cooperative awards a technology scholarship to its BEK Fiber members or customers based on academic merit, leadership, curriculum, community service, financial need, and other criteria. To qualify, applicants must follow and adhere to the following guidelines:

- All applicants must submit a completed BEK Communications Cooperative Technology Scholarship Application. Students must submit an application for admission to the college before submitting a Technology Scholarship Application. Failure to submit a completed BEK Communications Cooperative Scholarship Application and ALL required documentation will result in the applicant NOT being considered for available scholarships.
- BEK Technology Scholarships: Scholarship applicants must be a U.S. citizen and receive BEK Fiber-based services at the time of the application. BEK Fiber services must be provided to the parents of the student applicant if the student is a dependent of the parents; or applicant must receive BEK Fiber services as an individual if they are no longer a dependent of their parents as filed in the most recent federal tax filing.
- Scholarship applicants must have a minimum 3.0 cumulative grade point average on all high school or college/vocational credits and must plan to enroll or be enrolled on a full-time basis (minimum of 12 college credits or 450 clock hours).

DEADLINES FOR CONSIDERATION

BEK Communications Cooperative Technology Scholarship Application and all requisite academic transcripts and documentation are accepted throughout the specified academic year and are subject to firm deadlines established. Submitted applications will be reviewed for eligibility for each term thereafter for the academic year.

APPLICATION DEADLINE	on or before FEBRUARY 15
AWARD NOTIFICATION	on or before APRIL 1

If the deadline date listed falls on either Saturday or Sunday, applications will be accepted through the next business day.

HIGH SCHOOL APPLICANTS

Current high school seniors are required to attach a preliminary official high school transcript (grade 9 through the first semester of grade 12) with their Technology Scholarship Application (TSA) and apply for admission to the college. Upon graduation from high school a final transcript must be submitted to the Student Records Office.

All home educated students must provide official documentation of registration with their high school district for grades 11 and 12, a Home School affidavit, and either a minimum score of 520 computation and 521 verbal on the SAT; or a minimum score of 19 English, 20 Math, and 22 Reading on the ACT; or a minimum 104 Reading, 99 Writing and 123 Math PERT test scores. The required documentation must be on file with the Student Records Office at the college.

ALL OTHER APPLICANTS

If an applicant's high school graduation date is less than 10 years prior to the beginning date of the current Fall term AND the applicant has not completed at least 12 college or vocational credits, or 450 clock hours, the applicant must submit an official copy of their high school transcript with the Technology Scholarship Application. Selection consideration will be based on the high school grade point average. High school dual enrollment courses are considered in calculating the high school grade point average until the student has completed at least 12 credits beyond the high school graduation.

If an applicant's high school graduation date is more than 10 years prior to the beginning date of the current Fall term, applicants must have completed a minimum of 12 college prep, college or vocational credits, or 450 clock hours from any college(s). The combined GPA will be used to determine the cumulative GPA.

If an applicant has completed 12 or more college or vocational credits, or 450 clock hours at any college(s), the applicant must submit the official transcript with the Technology Scholarship Application.

A student who has scored a 3000 or higher on the General Education Development Exam (GED) may be eligible for a BEK Communications Cooperative Technology Scholarship. Applicant must have tested or re-tested for the GED exam within the last 12 months.

SELECTION PROCESS, CRITERIA, COMMITTEE

There are two steps in the BEK Communications Cooperative Technology Scholarships selection process, which can be awarded annually or each semester at the discretion of the college:

Step 1: VCSU Financial Aid Office/Scholarship Selection Committee will use BEK's Technology Scholarship Application approved selection criteria to provide a short list of no more than (5) fully qualified candidates for review and final award by the BEK Communications Cooperative Board of Directors.

Step 2: Scholarships awarded by a BEK Communications Cooperative Board of Directors will occur at the monthly board meeting following the delivery of no more than (5) fully qualified candidates, scoring and applications for review and final approval by the Board.
